PORTO RICO IS A VAST POORHOUSE

In Many Districts Where Population Reaches Thousands There Are No Physicians.

San Juan, Porto Rico, April 13.—The startling fact was recently made public that in many districts of Porto Rico where the population reaches thousands there is no resident physician.

This island is one vast poorhouse, and there are opportunities for charity at every step. Were \$10,000 to be expended immediately for medicine and medical aid it would possibly save the lives of 3,000 people.

THE BRITISH ARE RETIRING.

The Boers Claim Advantage at Elandslaagte. Pretoria, April 13.—Advices from the Boer headquarters at Natal say that after a heavy bombardment the British are retiring in the direction of Ladysmith, and the federals are going to their old positions.

At the close of his Congressional career, Mr. Allen resumed the active control of his business interests, and, although he became Assistant Secretary of the Navy, May 9, 1898, succeeding Theodore Roosevelt, he has managed to maintain his business connections notwithstanding the volume of important duties that fell to his share in the Spanish-American war.

GEO. A. BUCKSTAFF IS A CANDIDATE

NAMES ALLEN AS CIVIL GOVERNOR

ASST. SECRETARY OF NAVY GIVEN PORTO RICAN POST.

President McKinley After Signing Tariff Bill Offers Responsible Position to Massachusetts Man—Will Endeavor to Have Island in Good Order Shortly.

Washington, April 13.—Immediately after signing the tariff bill President McKinley last evening offered the position of civil governor of Porto Rico to Charles H. Allen, Assistant Secretary of the Navy.

The President and the next Governor of Porto Rico spent an hour in close conference respecting the matters to be arranged in the immediate future. Owing to the fact that little more than two weeks' time intervenes before the civil government must go into operation, according to the terms of the act of Congress, it was decided that it would not be practicable to complete the Cabinet of the Governor in that time.

Mr. Allen in speaking of his new duties said: "My effort will be to administer the government provided by Congress in such manner as to command and hold the confidence of the people, to help them so far as I may, to realize the best there is in them, and to assist them in the development of the island along the lines which have made us such a prosperous nation."

PARIS EXPOSITION TO OPEN TOMORROW

An Effort to Make the Hero of Santiago a Running Mate to Bryan.

McLEAN WILL BE FOR BRYAN

Washington, April 13.—[Special Cablegram]—Chairman Jones of the democratic committee is quite positive that Admiral Dewey will not be allowed to appear on the regular democratic ticket in any capacity.

Working a Boom For Schley

Rear Admiral Schley may be visited by a messenger representing leaders of the democratic party for the purpose of ascertaining whether or not he will consent to the use of his name in the Kansas City convention.

"Where is Admiral Schley just now?" the senator asked. "The flagship Chicago is reported to be at Marabam," the senator was informed.

"Marabam? Well, I'm glad to know that. Do you know," the senator added, "that Admiral Schley is very popular with the populists? I was surprised the other day when a leader of the populist party came to me and said that the admiral could command a longer following in that party than almost any other man in public life?"

It is exceedingly cordial, so far as my observation goes. I have heard a great deal about him through my correspondence as well as my contact with people in and out of politics. There is a growing impression that he is the real hero of the war with Spain—the man who accomplished a great thing and then modestly declined to take credit for it.

PARIS EXPOSITION TO OPEN TOMORROW

CLINTON TO HAVE
TELEPHONE SERVICEBELL COMPANY TO PUT IN AN
EXCHANGE AT ONCE.

Badger Company Also Working on the Project—The Next Forum Meeting Will be Held on April 19—Clinton Social and Personal News and Notes.

Clinton, Wis., April 12—This village is to have a telephone exchange. The Bell Telephone Co., have it seems, with characteristic promptness, moved in the matter, and it is stated upon good authority that a local exchange will be put in and ready for use in a very few days. The instruments are here already and at last accounts 27 subscribers had been secured. The company it is said will not tap the main lines and for that reason claim they can furnish a more satisfactory system.

The next forum meeting will be held April 19 at Woodman hall. A brief program, light refreshments and the installation of officers will be the order for the evening. It is greatly desired that every member together with their families be present. A friend may also be invited.

Dr. Smith, of Janesville, who greatly pleased a Clinton audience in a recent debate has been engaged to give a lecture on General Grant at the Congregational church, April 17.

The Badger Telephone Co. has also been working up an exchange for the village. They have, it is said, a promise of 25 of the 30 names required. They propose to run lines to Emerald Grove, Allen Grove and Bergen. The Badger people are popular in this locality and it is hoped that they will meet with large success.

Accident Happened In This City Late Yesterday Afternoon.

Engineer William H. Guild and his fireman, Charles George, both of Chicago, were injured yesterday afternoon in the local yards of the Chicago & North-Western Railway company by escaping steam from their engine which resulted from the blowing out of an expansion plate stud near the fire box. Both men jumped from the engine. Engineer Guild was badly scalded about the hands, feet and ankles. Both Engineer Guild and Fireman George were taken to the boarding house of Mrs. St. John, 159 Center avenue, where Dr. E. H. Woods attended them.

PIONEER SETTLER
DIED THIS MORNING

CHARLES OSGOOD OF THE TOWN OF ROCK.

Settled in Rock County in 1853 and Was Seventy-nine Years of Age—Death of Mrs. Amanda Brown of the Town of Fulton—Funerals Held and Scheduled.

Charles Osgood died this morning at 5 o'clock at his home in the town of Rock, aged seventy-nine years and eight months. Mr. Osgood was a pioneer settler having located on the farm on which he died in 1853. He was born in Jefferson county New York. He leaves a wife and one son, George B. Osgood of Atter. Mr. Osgood was widely known and was esteemed by all who formed his acquaintance.

The funeral of the late Curtis Chapin was held from the residence, 112 Pearl street, at 10 o'clock yesterday morning, Rev. K. C. Denison, of the Congregational church, officiating. The song service was rendered by Theodore S. Raymond of Edgerton, a former friend and neighbor. The floral offerings were numerous and appropriate. The interment was in the cemetery at Fulton, the pall bearers being M. H. Soverhill, J. O. Hopkins, James Cleland and James A. Donistoun.

Curtis Chapin was born in Springfield, Mass., October 11th, 1828. He was married to Miss Elizabeth L. Woodworth, at Suffield, Conn., Sept. 17th, 1847. They removed to Janesville in 1855 and resided here until 1860, when they moved to Fulton, where they resided until 1900, when they returned to this city to make their home with their daughter. Three children were born to them, Mary, Ella and Letta. Two of the children, Mary, wife of Edward Jessup of Fulton, and Ella, wife of T. S. Jessup of this city, survive him, together with the widow.

Mr. Chapin was for many years a member of the Congregational church and lived a life consistent with his belief. He was loved and respected by all, both old and young, and had a kind word or a pleasant smile for all. He could count his friends by the score, but enemies he had none. The family loss a kind husband and father and the neighborhood a beloved man.

Mrs. Amanda Brown.

After an illness of two years duration Mrs. Amanda Brown died last evening at 7 o'clock at her home in the town of Fulton, aged forty-nine years. Besides a husband Frank Brown, she leaves five small children, the eldest being fourteen years of age. She also leaves five brothers and two sisters they being Eli and Marceline Gosselin, of the town of Fulton; Leader of Fort Atkinson, Wis.; Anthony of Des Moines, Iowa; Joseph of San Francisco, Cal.; Peter, Mrs. Michael Bowen and Louis Gosselin of this city.

Mrs. M. G. Hodge

From Beaver Dam this evening at 7:55 o'clock on the Northwestern railroad will arrive in Janesville the remains of the late Mrs. M. G. Hodge. Funeral services will be held from Oak Hill cemetery chapel at 10:30 o'clock, Saturday morning, services to be conducted by Rev. A. C. Kempton, of the Baptist church. The burial will be in Oak Hill cemetery.

Mrs. Martha A. Wittey.

The funeral of the late Mrs. Martha A. Wittey was held from the Washington street residence this afternoon at 2 o'clock, the Rev. Robert C. Denison, officiating. The interment was in Oak Hill cemetery.

LIVES LOST IN FLAMES.

Four-Story Building in Pittsburg Collapses.

Pittsburg, April 13.—A four-story brick building at Wood street and Second avenue, occupied by Armstrong, McKelvey & Co., wholesale paint dealers, collapsed. A score or more people were in the building at the time and many were buried in the ruins.

A hundred men are tearing away at the debris striving to release the buried men and to get out the dead bodies. It is believed that not one person in the building escaped, unless one or two on the top floor may have escaped being crushed to death. The building collapsed without warning, the fall being out toward Second avenue, blocking up the street. A policeman turned in an alarm of fire and in a minute the firemen and the police were at work on the debris. The building was being remodeled and the center wall had been taken out. It is supposed that the weight of the stock piled up on the upper floors was too great for the weakened timbers. The building extended back about 60 feet on Second avenue. Half of it collapsed. Three injured and one dead had been taken out at 10:30 o'clock. The dead body was recognized as that of a carpenter whose name is unknown. Others who can be seen, but have not been reached, are believed to be dead. At least 35 more are believed to be still in the ruins.

At noon two dead bodies had been recovered and three persons taken out alive. The dead are: Oscar Bingham, carpenter; Eugene C. Bernhardt, salesman. Two of the injured were not seriously hurt. The other, Noel Casper, an employe, was taken to the Homeopathic hospital. A few minutes before the collapse it is said that at least a dozen persons were in the front part of the building, including several customers. These have not yet been accounted for.

A later dispatch says the killed are: Eugene Barnhardt, aged 23, Allegheny, salesman for Armstrong & McKelvey company; Oscar Bigler, carpenter, Harrisburg, employed by contractors McGovern & Lytle; Mrs. Martha Jones, aged 64, of 311 Second avenue. The injured are: August Perdegard, aged 64, found in cellar, severely shocked; Noel Casper, Emsworth, leg broken, badly bruised; Michael Shang, steamfitter, leg broken and arm crushed; James V. Sims, carpenter, badly cut and bruised; Joseph Closs, Lieutenant Fire Company No. 1, ribs broken; James Sullivan, steamfitter, badly cut and bruised.

Mrs. Stowe's Companion Dies.

Hartford, Conn., April 13.—"Hetty" Arms is dead, and so passes away the sole link that existed between the writer of "Uncle Tom's Cabin," Harriet Beecher Stowe, and the south. Mrs. Henrietta McKay Arms was southern to the core, but she nursed Mrs. Stowe to her dying day. She was her friend and companion for years.

Murdered by the Philippines.

Hazleton, Pa., April 13.—In a letter written under date of Feb. 10, and just received by his brother, Patrick Boyle, of McAdoo, Pa., John Boyle, a member of company G, Nineteenth United States Infantry, on duty in the Philippines, says that Henry Griffiths, a Hazleton boy, was recently captured by insurgents and murdered.

Stamp Theft Reaches \$100,000.

New York, April 13.—Internal Revenue Agent Frank G. Thompson has admitted that Thomas Blaney, the Brooklyn barkeeper who was arrested Wednesday at the Astor house with internal-revenue beer stamps worth \$10,000, which had been stolen in Washington and Chicago, in his possession, had made a statement which implicated a former criminal prosecutor in Brooklyn and a man named Reilly in the transaction. Thompson said that four of his men were looking for Reilly. He said also \$100,000 worth of the stamps had been stolen in the last three years.

College President Resigns.

Wabash, Ind., April 13.—President H. P. Albaugh of North Manchester college, the leading educational institution of the German Baptist denomination in the United States, has tendered his resignation and the trustees have accepted it. The trustees of the church have looked with alarm on his abandonment of the policy of the extreme conservatism that marks the German Baptist Dunkard church, and it is said remonstrated with the young president. He subsequently presided at a political convention and made a vigorous speech and his resignation followed.

Thinks McKinley Will Win.

San Francisco, April 13.—Republican National Committeeman H. C. Payne of Milwaukee, who is in this city, predicts the nomination of McKinley at Philadelphia by acclamation, and is confident of his re-election. When asked what he thought of Dewey's candidacy, he said: "I think that it is too bad. I think this expresses it."

Big Strike in the South.

Atlanta, Ga., April 13.—President W. V. Powell of the Order of Railway Telegraphers, ordered a strike of the telegraphers and other station employes of the Southern railway, to begin at 11 o'clock.

The Southern has about 1,200 employes of this class. All are out.

Phillip Zell Is Dead.

Peoria, Ill., April 13.—Phillip Zell, one of Peoria's oldest and most prominent financiers and citizens, died at his home in this city last night.

Refuses to Hurry Contests.

Frankfort, Ky., April 13.—W. H. Yost, attorney for the republican minor officers, refused to sign the agreement to hasten the contests through the state courts so that these contests could be passed upon in the federal supreme court at the same time as the governorship question. Mr. Yost gave no reason for this action. The cases must now be tried in the regular course. Frankfort citizens are discussing the calling of a mass meeting to adopt resolutions asking that the soldiers under both Mr. Taylor and Mr. Beckham be sent home. The people believe they will be safer when the liability of a clash between hostile military factions has been removed. Six indictments are said to have been drawn in the Goebel case and the grand jury is still at work.

Whitelaw Held on Filippines.

San Francisco, April 13.—A banquet was tendered the Philippine commissioners by the merchants of this city. The principal address was made by Whitelaw Reid. After referring to the non-political significance of the occasion Mr. Reid said in part, addressing the commissioners:

"In the interest of the islanders you will secure and guarantee to them the civil rights which belong to the very genius of American institutions, but in the interests of your country you will not make haste to extend the privilege of American citizenship. First order, then justice, then American civil rights, not for a class or a tribe or a race, but for all the people; then local self-government."

Americans Die of Smallpox.

Boston, Mass., April 13.—Information contained in letters received in this city shows that smallpox has broken out among Boston excursionists who had been stranded, as it were, in Italy. It is known here that at least two, and probably three, members of the Clark excursion party have died of smallpox. The known victims are the Rev. G. F. Love, pastor of a Baptist church at Oswego, N. Y., and Miss Annie Sautern of Winona, Minn. Both died in Rome. Mrs. A. S. Lowell, wife of a wealthy business man of Worcester, Mass., who died in Rome within three days after leaving the New England, is it believed, also died of smallpox.

Jews' Feast of the Passover.

New York, April 13.—Friday night at Sundown the Jews of the world will begin to celebrate the feast of the Passover. Instead of eating the ordinary foods of every day the Jews will celebrate the occasion by eating unleavened bread, bitter herbs and the roasted bones. To the Jews the occasion is one of universal celebration. Saturday there will be extra services in all the Jewish synagogues, and while there is no special attempt to go outside the ritual, the singing on this occasion is added to the celebration.

To Absorb Eastern Lines.

Baltimore, Md., April 13.—There seems to be reason for the belief that the Baltimore & Ohio and the Pennsylvania railroads will absorb the Philadelphia & Reading and the Jersey Central systems. The plan is to divide the properties among their systems, the Baltimore & Ohio taking the Philadelphia & Reading division, extending from Philadelphia to Bound Brook, one or two other important branches, and the New Jersey Central division, extending from Bound Brook to New York, and the Pennsylvania the remaining divisions.

Abandoned Double Turrets.

Washington, April 13.—The new battleships will not have superimposed turrets, according to the decision reached at a meeting of the naval board of construction. By the new plan the ships will be given eight eight-inch guns, arranged in four turrets. Two main turrets on the main deck will carry each two twelve-inch guns.

Crane Suffers a Relapse.

London, April 13.—Stephen Crane, the American novelist, who has been ill for some time, has suffered a relapse, and the attending doctors are now almost hopeless of his recovery.

Russia Renews Demands.

Yokohama, April 13.—Advices from Seoul, capital of Korea, announce that Russia has presented to the Korean government renewed demands referring to Masampo.

Spring Fever

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated; sometimes there is dyspepsia, liver or kidney troubles. Life seems not worth living. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A private Revenue Stamp covers the neck of the bottle.

RHEUMATISM

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain. Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, **Rheumatism is Strictly a Blood Disease**, and no liniment or other external treatment can reach the trouble. Neither do the preparations of potash and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of wonderful solvent, purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and clears the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, 123 W. 15th Street, Indianapolis, Ind., for eighteen months was so terribly afflicted with Rheumatism he was unable to feed or dress himself. Doctors said his case was hopeless. He had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, **SWIFT SPECIFIC CO., Atlanta, Ga.**

Will Experiment in Altruism.

Trenton, N. J., April 13.—An experiment in altruism is to be made at Belle Meade, Somerset county, twenty miles above this place. The capitalization is \$350,000, and the scheme is to be developed by Dr. W. H. Tolman and Dr. Josiah Strong of the Social Service league of New York. The place selected is a farm of 1,200 acres. The Krupp town of Essen, Germany, is their model.

Washington Statue Is Ready.

New York, April 13.—The equestrian statue of Washington by Dan C. French and Edward C. Potter, which is to be unveiled at Paris July 3, was put on exhibition here at the bronze foundry, where it was cast. The statue weighs 8,200 pounds and is twenty-two feet in height from the pedestal to the point of the sword, which the figure of Washington holds upright.

THIS DAY IN HISTORY.

1782—General Alexander Macomb, hero of Plattsburg, born in Detroit; died 1861.
1804—The British stormed and captured Madagascari, King Theodore, reputed descendant of Solomon and the queen of Sheba, killed himself.
1869—Rejection of the Alabama General Macomb claims treaty by the United States senate and a serious war alarm in America and England. The Alabama episode was the only complication since the close of the civil war that had seriously threatened the peace of this country. The senate vote stood 54 to 1. Charles Sumner made a powerful speech, declaring that "when civilization was fighting a last battle with slavery England gave her name, her influence, her material resources to the weaker cause and flung a sword into the scale with slavery." The dispute was finally settled by arbitration. England paying the United States an indemnity of \$15,500,000.
1820—Samuel Jackson Randall, statesman, died in Washington; born 1825.
1894—David Dudley Field, eminent American jurist, died in New York City; born 1805.
General Joseph Brevard Kershaw, a distinguished Confederate veteran, died at Camden, S. C.; born 1820.

PRaises SENATOR SPOONER

In speaking of Senator John C. Spooner, The Boston Herald says: "Here is a first-class senator, who is more likely, if he is continued in his position, to take the place of Mr. Hoar, when he retires, than any one. Mr. Spooner is not strictly a new senator, however, having served one term previously, and failed of a re-election. He is a fine lawyer, and excellently adapted to parliamentary work on the floor. Mr. Spooner takes much interest in the proceedings there, and with the alienation of Mr. Hoar from his party projects that at present exists, has become the leader of his party in general debate, more even than Mr. Foraker, who has charge of its specific colonial measures. We are inclined to assign him the place as the coming man to the senate above all others in any party. He takes, by force of talent and sound judgment, the position that the older republican senators thought they saw being aspired to, without the necessary qualifications for it, by Senator Beveridge."

The Porto Rico tariff question is now settled and the millionaire owners of the big stores of tobacco and other products on the island, will have to go down in their pockets and pay a duty for the benefit of the poor Porto Ricans who have nothing to sell. Every penny collected will be expected for the benefit of the people of the island, thus practically giving Porto Rico the same tariff blessing that the United States enjoy. The hue and cry that has been raised on this bill was aptly described by Senator Charles as "hysterical." No better plan could have been devised and when the present needy condition of the island becomes a thing of the past, the tariff will be repealed. Porto Rico's poor need assistance, and the speculators and stock jobbers should not be enriched at their expense—as would have been the case if the tariff law had not been enacted.

The foreigners who use punching machinery made by the New Doty Mfg. Co., or farm implements made by the Janesville Machine Co., will find Lewis underwear very comfortable. Cuticream makes a refreshing application for the face and hands after a hard day's work, and a Parker pen will prove perfect in preparing testimonials for these products. And if there is anything else the foreigners want, Janesville can furnish it.

The Western Union Telegraph company opened a subscription list for the sale of \$10,000,000 in 4 1/2 per cent bonds, and applications were filed for seven times that amount. There is evidently no scarcity of money in the country when a good thing is offered.

W. D. Bynum says no Gold Democratic National ticket will be placed in the field this fall. Mr. Bynum has the right idea. No gold ticket is needed. The issues are so clear that no Democrat can stultify himself by voting against Bryanism.

The spring duck shooting season in Illinois is about ended, but the shooting in Michigan and Iowa is reported to be unusually good. State legislators please take cognizance of these facts.

A dispatch says that "circus seats" will be provided for the delegates to the Democratic National convention. This is certainly appropriate, as Bryan's onerous circus is to be the sole attraction.

Ninety five per cent. of the people of Porto Rico are said to be destitute, but the new tariff law will soon provide the money for their relief.

And when the international naval demonstration takes place at Taku,

China, the motto of the commanders will be, "be good, John, or we'll Taku!"

No undertaking disconcerts Chicago. It is now proposed to spend \$3,000,000 improving the Chicago river so that the largest boats can navigate it.

President McKinley to the Tobacco Trust—"Now, gentlemen, you can put that Porto Rico tariff bill in your pipe and smoke it!"

"April showers" may "bring May flowers," but this April slush will certainly bring May rheumatism.

Jerry Simpson was the original "sockless statesman," but Dewey is the only "voteless democrat."

Vermont democrats will endorse Bryan, and ignore Democrat and Mrs. Dewey.

Democrat Bryan, not Democrat Dewey, is Vermont's cake of maple sugar.

The senate has passed the Pacific cable bill. Wise move.

A KNICKERBOCKER GIRL.

Ex-Vice President Morton's Daughter, Soon to Be Married.

Miss Edith Morton, whose engagement to William Corcoran Eustis has been announced, is the eldest daughter of ex-Vice President Levi F. Morton. Mr. Eustis is the son of the late Chief Justice Eustis of Louisiana. He is a good looking young man who has thus far chiefly distinguished himself in playing poney polo and in hunting.

Miss Morton made her debut in Washington society several seasons ago. She is an attractive young woman, being tall, graceful and having dark brown hair. She is cultured, re-

fined and intelligent and shows the effects of the careful training she received from her mother, for Mrs. Morton is an ideal mother and, while figuring prominently in high social circles, never allowed society to interfere with her maternal duties, watching over the education of her children with greatest solicitude.

On her mother's side Miss Morton can claim relationship with some of the oldest Knickerbocker families of New York. Mrs. Morton before her marriage was Miss Anna Street, whose father belonged to the old Street family of Albany and whose mother was connected with the Stuyvesants and De Peysters.

Miss Morton has passed much of her time during the past few years in European capitals. The recent winter she spent in Rome. She has four sisters, all of whom are pretty girls.

WILD MAN CAPTURED.

Caught in Wolf Traps by a Kentucky Farmer.

A wild man was captured in the hills near Plum Fork, in Greenup county, Ky., a few days ago, says the Louisville Courier-Journal. He had been seen a number of times by different persons, but all efforts to capture him had proved fruitless until Louis Brown, a farmer, set two of his strongest wolf traps at a cave where the man had been sleeping. He was caught in both traps by the nose and right hand. When Brown found him, he was trying to loose the trap from his nose, but when he saw Brown he set up a most dismal howl and attempted to run. He was released and confined in a stable belonging to William Rice.

For several days he would not speak, but he was finally induced to talk. He said his name was Levi Brewer and that he was raised near Warfield on the Big Sandy. He appears frightened when strangers approach, but quiets down when he finds they do not intend to hurt him. The nails on his hands and feet are like the talons of an eagle, and he is completely covered with hair. He told the correspondent that he had supported himself by fishing and catching game with his hands.

When Lotteries Were Legal.

Lotteries were not tabooed in New England in 1800. The first issue for the year of the Massachusetts Mercury, published in Boston, had an "ad" informing the public that "The Dartmouth College will positively commence drawing next Friday. Tickets and quarters may be had of E. Larkin, 47 Cornhill, who will pay prizes or demand."—Buffalo Commercial.

REAL "GOLDEN GIRL."

Statue of Miss Maude Adams Cast in Precious Metal.

An interesting feature of the Paris exposition will be the gold model of

Miss Maude Adams, which will occupy a prominent place in the Palais de l'Optique and will stand as the representative of the American girl.

The statue weighs 712 pounds and was cast in the bronze foundries of Henry Bourard in New York city. The figure stands six feet high and portrays Miss Adams as the typical American girl. The pose is simple and erect, with hands close to the sides. The plain evening dress is devoid of trimming save for a little lace at the throat. The hair is arranged loosely after the fashion that has recently been in vogue and which is characteristic of Miss Adams. The idea originated with the American Gold Statue company. A number of representative artists were selected by them, and they in turn decided upon Miss Adams as the model.

It is said that not a few ladies bid for the honor, some even offering as much as \$28,000 for the privilege of having their forms portrayed in gold for the admiring gaze of Paris and the world.

Though the statue is not solid, it is estimated that \$187,000 of metal is in it. Miss Bessie Potter, the sculptor, required 25 sittings for the model, and the work has occupied all her time since early last summer.

Piano Tuning.

MR. W. F. HURSEY, the tuning teacher at the State School for Blind, is prepared to do a limited amount of tuning and repairing in the city. He is a first-class workman. Leave orders by telephone.

H. F. BLISS, Supt.

TRAINING SCHOOL FOR THE BLIND

ITS WORK AND AIMS AFTER 50
YEARS OF EXPERIENCE.

A Semi-Centennial Celebration Jubilee
Program is Now in Preparation to
be Given at the Close of the Present
Term, June 13—School Established
in 1850.

Some visitors were standing in front
of the main building at the State School
for the Blind the other day when a
couple of boys passed along the drive
on single wheels. One of the visitors
said: "These boys are good riders."
"Yes," replied the attendant, "for boys
that are totally blind, they do remarkably
well."

"Totally blind?" You don't mean to
say that those boys are blind," and as
he spoke the boys followed the winding
drive out through a gateway and rode
off down the street.

To the visitor this novel sight was a
revelation and yet to the attaches of
the institution the novelty has long since
disappeared, as the exercise is of daily
occurrence.

There is so much ignorance concern-
ing the State School and its work that
The Gazette is pleased to say a few
things about it that may be of interest.

The school was established in 1850.
A semi-centennial jubilee program is
now in preparation by the alumni to be
given at the close of the present term
January 13. The surviving superintend-
ents and Professor Bishop, have been
invited to take part and the occasion
will be of great interest.

From a small beginning the work has
developed, and for many years the insti-
tution has ranked with the best of the
thirty-seven similar schools scattered
other the country in other states.

The census now being taken will show
a blind population in Wisconsin of from
twelve to fifteen hundred, this including
a large percentage of adult blind, many
of whom have enjoyed the benefits of the
State School.

There are at present in attendance
110 about equally divided as to sex.
The course of study is very similar to
the primary and high school course used
in the public schools, commencing with
the kindergarten and continuing
through the nine primary and interme-
diate grades and finishing with a four
year high school course. The graduates
are as well equipped mentally as though
they possessed the sense of vision.

When it is considered that the boys
and girls also have thorough training in
the industrial departments and that
physical training and music are also
prominent features, it will be readily
understood why the entire course occu-
pies from ten to twelve years.

A class of young men this year
are engaged in the study of piano tun-
ing under the skillful instruction of
Prof. Hursey, a blind man. Mr. Hursey
is not only a good teacher, but a good
workman as well, and he has established
a good business both in Janesville and
Beloit. This gives his pupils an oppor-
tunity to learn the art of securing busi-
ness, as well as the art of tuning.

The little audience that assembled at
the school last Saturday evening to wit-
ness the "Cradle songs of many nations"
as rendered by forty of the children and
young people, pronounced the enter-
tainment one of the best programs that
they had ever enjoyed.

From the opening tableau where
fifteen white robed little people with
dolls sang their "Dance Little Baby"
song, accompanied by the sweet little
voice of Margaret Roberts in solo that
appealed to the sympathy of the audi-
ence, to the closing scene of the Indians
camp, the same careful training was ap-
parent and reflected great credit upon
the teachers, Mrs. Beckwith and Miss
Abbott who for three months had charge
of the preparation.

Visitors at the school frequently say
"How is it possible for the blind to be-
come so proficient?" The management
claim that the worst obstacle with
which the blind are confronted after
they start out in life for themselves is
the lack of confidence that seeing people
have in them.

Were it not for this lack of confidence
many blind people would be self sup-
porting. There is room in every little
town in the state for a broom and
weaving shop and the blind can do this
work as well as anyone. In the large
towns blind music teachers and piano
tuners would readily find employment
if given an opportunity. A little more
confidence in their ability would give
them the independence they so much
desire and would remove them from the
domain of charity and place them in the
column of independent and self sup-
porting citizens.

The school is open to visitors every
day except Saturday and Sunday and
the management extends a cordial in-
vitation to the public. The work of the
state institution should be familiar to
the tax payers who support them so
cheerfully.

CHESTER SMITH FOR MAYOR

On the Republican Ticket at St. Paul
Married Janesville Girl.

Chester R. Smith has been nominated
by the Republican party of St. Paul for
mayor. Mr. Smith is well-known in
Janesville, having married Miss Hattie
Hart, a former well known resident of
Janesville. Mrs. Smith, while residing
here, lived at the corner of Jackson and
Holmes streets. The chances are that
Chester R. Smith will be the next mayor.
A man by the name of Smith is on the
democratic ticket.

Coffee.

PLANKED SHAD.—In selecting a plank
be sure to get a well seasoned piece of
hickory. It should be about 2 1/2 feet long
by 2 feet wide. Place it before the fire
to get very hot. Wash and split the fish
fresh shad and wipe dry immediately.
Spread it out on the board (skin side down).
Season with a couple of tacks. Place it
before the fire (thick end down). After a
few minutes turn the other end down. Re-
peat the process for 25 minutes, or until
the flesh begins to flake. Sprinkle with
chopped parsley and spread with butter.
Serve on the plank and remove the tacks and
transfer it carefully to the platter.

CANDIDATES FILE EXPENSE ACCOUNTS

TREASURER J. L. BEAR MAKES
HIS REPORT OF CASH.

Expended Seventy Cents in Excess of
the Amount Derived.—City Treasurer
Fathers Presented the Committee
With the Largest Single Amount—
Others Who Gave Cash.

Candidates at the late election have
commenced to file their expense accounts
with the city clerk and the register of
deeds. The candidates should not for-
get that the law compels them to file
with the city clerk a statement of their
expenses within thirty days after elec-
tion. Only a few have complied with the
law. Those who neglect to file such a
statement are subject to a heavy fine.

Joseph L. Bear, treasurer of the re-
publican city committee, makes the fol-
lowing report of money received:

J. L. Bear,.....	\$5.00
W. H. Judd,.....	5.00

M. P. Richardson,.....	10.00
James A. Fathers,.....	20.00
Balance in treasury.....	4.30
Total	\$104.00

The expenditures made by Treasurer
Bear exceed the assessments seventy
cents. The greatest was in carriage
hire and challenges at the poles the day
of election. Many have as yet failed to
file their reports.

Following are individual expense ac-
counts as filed:

J. L. Bear, supervisor Third ward: as-
sessment, \$5.00.

A. K. Cutts, constable Second ward:
assessment, \$5.00.

BUILDING TO COST FIVE THOUSAND

Work Will Commence at Once On Two
Story Structure Opposite West
Side Fire Station.

Work will commence within the next
few days on a two story fire proof build-
ing to occupy the site of the old Jeffris
planing mill located on North River
street opposite the West side fire station.
The building will be a model one and
will cost about \$5,000. Its dimensions
are 36x112 feet. Ogden H. Fathers and
M. G. Jeffris are the owners. Work of
clearing away the debris of the old mill
is now being rapidly pushed. No ton-
nant has as yet rented the new building.

L. B. Carle and Son Dispose of 98 Cases
—Odds and Ends of the '99 Crop
are Still Being Sought—Warehouse
Work Still Progresses—Help is
Scarce.

No new features have come into the
tobacco market during the week. A
drugging business in the sale of the
remnants of the '99 crop is still going
on. Growers who still have their to-
bacco in the bundle seem willing to part
with it at prices shaded from quotations
earlier in the season for goods of the
same character, while buyers are ready
to add to their holdings while trades are
thus easily made. So a quiet movement
is likely to occur while there is anything
in grower's hands, says the Edgerton
Leaf Tobacco Reporter.

There is a moderate trade in old leaf
being carried on which is all the time de-
pleting the stocks on hand. C. L. Cul-
ton reports the sale of 225 cases of '98
for the week. Geo. Rumrill has also
sold 110 cases. A 50 case lot was sold
by F. A. Pease & Son to Carle, of Janes-
ville. An occasional lot of '98 is also
lifted from farmers' hands.

The warehouse handling of the crop
is also going on as rapidly as the pre-
sent supply of help can do so. Many of
the warehouse hands are going back to
the farms, leaving some of the packers
short handed. But the closing down
of a few of them will soon relieve the
situation. But few seed beds have so
far been planted.

Shipments out of storage reach 12 car
loads, 1054 cases, for the week from this
station to all points. Since last report
about 500 cases of cigar leaf were ex-
ported from New York.

LABOR RIOT IN CHICAGO.

Attacking Party Urged On by a Woman.

NEARLY A SCORE ARE HURT.

A Crowd of Pickets and Others Attack Non-Union Men at Marshall Field Building—Officers Secure Order with Drawn Pistols.

Chicago, April 13.—Two hundred union pickets, led by a woman richly dressed, precipitated a wild demonstration against the non-union workmen at the Marshall Field building, Clark and Adams streets. There was a fierce street battle, in which the police guarding the non-union men were almost overpowered. Twice the police were forced to draw their revolvers and clubs to hold the great mob at bay. Seventeen men, including combatants and spectators, were injured, and others were trampled on or shaken up in the general fight. Attracted by the mad yells of the attacking party and the wild demonstrations of the surging crowd, hundreds of people rushed to the place from adjoining streets. The four thoroughfares converging at the point were choked with people, who urged on the strikers. Above the roar of the street sounded the shrill voice of the woman who acted as the leader. She stood just behind the front rank of the fighting pickets where the blows fell thickest and waved an umbrella and white silk handkerchief as she shouted encouragement. She made a striking figure. Her costly fur cape had been pushed back from her shoulders by the mad jostling of the crowd. Her fashionable hat was slightly tilted to one side and her dark hair blew wildly about her flushed face. Her eyes shone with an unusual brightness and flashed lightnings of scorn at the opposing force of police and the non-union men crouching behind them. She wore a dark silk waist with a white front of fluff material and a black silk skirt. She looked to be about 45 years old. By the choking up of the street with people all traffic on the Wentworth avenue, Halsted street, Archer avenue and other electric car lines using Clark street was stopped for a time, and also all cross-town cars which enter the downtown district over the tracks on Adams street.

Riot calls brought patrol wagons loaded with police from near-by stations, and with drawn pistols the officers restored order. When the mad crowd was under control Policeman Payton got hold of the fashionably dressed woman who had led the rioting, and told her she was under arrest. Sergeant John Kelly pressed forward and questioned her. She said her name was Anna Baird, and that she lived on the south side. She refused to give her address. On her promise that she would go home immediately Sergeant Kelly ordered that she be released, and she disappeared. Those most seriously hurt were: William Crozier, policeman; cut on head by brass knuckles; remained on duty. Charles Griffith, son of John A. Griffith, contractor for building; beaten and knocked down; not serious. John Kelly, member of Building Laborers' union; head cut with "billy" wielded by special detective; not serious; arrested and locked up at Central detail; later released on bonds signed by Herman Lillen, business agent of hod carriers' union. Lester W. Ransom, bystander; mouth cut by brick; went home unassisted. Thomas R. Tinsley, Oak Park, superintendent of building for Burnham & Root, architects; beaten with blunt instrument; taken home; not serious.

Are Married by Telegraph.
Kansas City, Kan., April 13.—A marriage by telegraph, with the bride and groom 200 miles apart, was carried out between Kansas City and Mulhall, O. T. The bridegroom was Andrew M. Candell of Washington, D. C., an entomologist in the department of agriculture, and the bride was Miss Penelope Cundiff of Perkins, O. T., daughter of a farmer. Last week Mr. Candell was called to Harrisonville, Mo., by the death of his mother. His duties made it necessary to start back to Washington. He asked Miss Cundiff to come to Kansas City for the wedding. She was unable to reach Kansas City in time, so the ceremony was conducted by wire. The Rev. Albert H. Linder of Kansas City officiating. The ceremony required twenty-five minutes' time.

Adopts C. M. Sheldon's Plan.
Topeka, Kan., April 13.—The committee from the Kansas Association of Congregational churches, appointed some time ago to frame a plan of action for the Christian brotherhood scheme of the Rev. Charles M. Sheldon, reported to Central church here. Central church adopted it, and it is Mr. Sheldon's wish to have the state association act favorably upon it at the meeting at Seneca May 3 to 7. There is no doubt this will be done. Any church member is eligible to membership in the brotherhood. The order is to be interdenominational. Membership fees, sick benefits and death benefits are features of the plan.

Trick of a French Comedian.

A comedian in a Paris theater recently made a great hit out of a painful incident. While indulging in a bit of horse play on the stage he struck his head accidentally against one of the pillars of the scene upon the stage. The thud caused a flutter of sympathy to pass through the audience. "No great harm done," said the comedian. "Just hand me a napkin, a glass of water and a salt-cellar." These were brought and he sat down, folded the napkin in the form of a bandage, dipped it in the glass and emptied the salt cellar on the wet part. Having thus prepared a compress according to prescription and when everyone expected he would apply it to his forehead, he gravely rose and tied it round the pillar.

Diamonds in America.

Diamonds have been discovered during the last few years in the neighborhood of the great lakes, principally in the state of Wisconsin, and the first discovery recorded was at Eagle, Waukesha county, in 1876. Since that time seventeen well identified diamonds weighing from one-half a carat to twenty-one and one-fourth carats have been found about the great lakes, and their discovery has given rise to considerable speculation and the formulating of theories.

Queen Bees the Animals.

Dublin, April 13.—There was a decided improvement in the weather today, and the Queen visited the Zoological Gardens this morning, to which place she drove in her donkey carriage. The review of the troops has been fixed for Saturday, and will take place in Phoenix Park.

NOTHING BUT FACTS

No Deception Used in Talking About Morrow's Kid-ne-oids.

The Arguments in Their Favor Come From People Who Have Tested Their Merits.

There is no deception in anything we publish about Morrow's Kid-ne-oids. All our statements are facts and are from people right here in Wisconsin. People in all walks of life are using and recommending Kid-ne-oids because they cure backache, nervousness, sleeplessness and general debility in cases where other remedies have failed.

Mrs. P. Jenkins, 618 Broad street, B-101, Wisc., says: "I take pleasure in recommending Morrow's Kid-ne-oids to any person suffering from kidney backache. A sample of Kid-ne-oids used according to directions removed the pain from the small of my back and I have not been troubled with backache since."

Morrow's Kid-ne-oids are not pills but yellow tablets and sell at fifty cents a box at all drug stores and a The People's Drug Store.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield Ohio.

GOMPERS BEFORE THE HOUSE

Makes a Long Plea to the Committee on Labor.

ASKS FOR EIGHT-HOUR LAW.

Route for a Deep Waterway—President McKinley Signs Puerto Rican Bill—Would Authorize Depositories—Notes from the Capital.

Washington, April 13.—President Gompers of the Federation of Labor made an extended argument before the house committee on labor Thursday in support of the proposed eight-hour law. Mr. Gompers said the movement had secured some measure of success in the states and municipalities, and it was desired to have the government recognize it by the enactment of the present measure. Through some mysterious means, he said, the words "upon public works" were put into the federal eight-hour law of 1892, thus confining it to narrow limits and robbing it of the value that its advocates expected. He urged that the reduction of the hours of labor was demanded by every interest of the government, which should be as much concerned in the physical and mental strength of the workmen as in the tensile strength of steel and armor furnished to it.

The president at 7 o'clock Thursday evening signed the Puerto Rican tariff and civil government bill, which had been previously signed by President Pro-Tempore Frye and Speaker Henderson.

The house committee on rivers and harbors has decided to report favorably the resolution introduced by Mr. Lorimer for a survey of the Illinois and Des Plaines rivers in connection with the project for a deep waterway between the lakes and the Mississippi. Commander-in-Chief Shaw of the Grand Army of the Republic Thursday appointed L. H. Wiley of Bruner post, Peoria, who is doorkeeper at the house of representatives, national bugler on his staff.

The house, after a spirited debate, adopted the resolution reported from the insular affairs committee to authorize the secretary of the treasury to designate in Puerto Rico, Cuba and the Philippines depositories of government funds. By the terms of the resolution it applies to Cuba only so long as the island shall be occupied by the United States.

A senate bill which will permit the dependent mothers of soldiers or sailors of the Spanish war, even though they married confederate soldiers, to receive the benefit of the general pension law was passed.

Senator Burrows of Michigan, in a speech, opposed the seating of Mr. Quay.

PASSES THE CABLE BILL.

Measure Carrying \$3,000,000 Goes Through.

Washington, D. C., April 13.—With little debate of importance the senate yesterday passed the Pacific cable bill, a measure appropriating \$3,000,000 for the construction of a cable line between San Francisco and Honolulu. The bill was unanimously reported by the committee on naval affairs, and that it was passed without serious objection is regarded as a compliment to the committee. During the greater part of the session the District of Columbia appropriation bill was under consideration. As passed it carries nearly \$8,000,000.

Charles H. Allen, at present assistant secretary of the navy, will be the first civil governor of Puerto Rico under the provisions of the bill passed by the house of representatives. It is known that McKinley has been bringing pressure to induce Mr. Allen to relinquish the care of his considerable private interests, for a sufficient time, at least, to install the new civil government in the island, and the latter has consented to assume the new responsibilities. Inasmuch as the act takes effect on the first of next month there is but little time left in which to outline a skeleton form of government, including the formation of a cabinet. It is understood that the new governor will be taken to Puerto Rico in one of the finest vessels of the navy.

Must Be Content with \$75,000.

Philadelphia, Pa., April 13.—When Senator Mark Hanna visited Philadelphia early in the week to attend the dinner of the young republicans he criticised several prominent republicans upon the city's slowness in raising the \$100,000 pledged to the republican national committee in return for the convention prize. The national chairman was given to understand that his committee was fortunate to get \$75,000, and need not look for any more. Voluntary subscriptions to the mayor's fund practically ceased more than a month ago. It now amounts to \$32,000. Mayor Ashbridge has not, however, abandoned hope of raising the balance, and said he would soon appeal to some prominent citizens to make it good without delay. Out of this is to come the cost of remodeling the big hall.

Sends a Bullet Into His Brain.

Murphysboro, Ill., April 13.—August Young, after making an unsuccessful attempt to kill his sweetheart, Katie Van Cloostere, sent a bullet through his brain and ended his life. The girl is wounded in the shoulder and breast, but not fatally. Young was a farm hand, 23 years of age, living on the Jenkins place, three miles south of Murphysboro. He had been enamored of Miss Van Cloostere, for some months, but she always repulsed his advances.

THINKS CHINN SHOT GOEBEL.

Gay Webb Tells What He Saw at the Assassination.

Terre Haute, Ind., April 13.—Gay Webb, who has charge of the fermenting room at the Merchants' distillery here, says he has evidence to convince him that Jack Chinn shot William Goebel. Webb is about 45 years of age, and now tells his story of the shooting for the first time. He went to Frankfort, Ky., in January and was employed in a distillery there until March 29. He says he had a room in the Kentucky house, opposite the state house, and was sitting in the window of his room when Goebel, Lillard and Chinn came along. He continued: "When the three came to the gate of the state house yard Goebel and Chinn stopped and Lillard walked on. Then Goebel walked ahead of Chinn about four or five feet to the right. Then I heard the shot, and looking quickly saw Goebel fall. The instant before the shot was fired I saw something glinting in Chinn's hand, and as soon as Goebel fell it disappeared. Chinn started to run away, but came back to Goebel and seemed to be trying to help him on his feet. I knew that if it were known I had seen the shooting my life would not be safe, and I said nothing there."

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Smith's Pharmacy's kodak agents, next to postoffice.

College Man Goes to Jail.

San Francisco, Cal., April 13.—C. F. Clarke, doctor of medicine, college graduate, son and grandson of eminent physicians and nephew of a Circuit court judge in Ohio, was found guilty of petty larceny in Judge Mogan's police court and will be sent to the county jail. Clarke is not over 30 years of age. The other day he went into the office of Dr. F. S. Osmin at 1604 Leavenworth street and stole a case of surgical instruments. The prisoner is the son of Dr. S. L. Clarke of Findlay, Ohio. He is a graduate of the University of Louisville and has been county physician of Hancock county, Ohio, and city physician of Findlay.

What is Shiloh?

Bodies Floating in the Sea.

Victoria, B. C., April 13.—The heavy gale of a week ago, which damaged local shipping and swept away the big colliery wharf at Oyster bay, evidently proved disastrous to some vessels of the mercantile marine entering or departing from San Francisco. The officers of her majesty's ship Arethusa reported upon their arrival at Esquimalt having passed April 17, directly opposite San Francisco harbor, three floating corpses and three or four other objects which resembled human bodies.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

Delegates Oppose the Tax.

Washington, April 13.—Sixty thousand druggists and medicine firms will be represented in Washington next week when the ways and means committee will give a special hearing to these interests on the question of reducing the war internal revenue taxes. The drug people want the tax on schedule B reduced or wiped out, and there is a disposition among congressmen to humor their wish.

You Try It.

OUR FIRST SPRING SHOWING OF MEN'S NECKWEAR IS FAR-AND-AWAY THE MOST BEAUTIFUL COLLECTION OF SILKS, COLORINGS AND ORIGINAL SHADES THAT HAS EVER BEEN SEEN IN THIS CITY. * * *

For this offering we have given up one entire show window to its display, and even then lack of space prevents us from putting an example of everything we have in stock in our window.

Many Color Combinations are extremely novel while all the Designs are Original.

The shapes include the new four-in-hand-to-be-tied Scarfs as well as those ready-tied-and-to-wear.

Monarch Will Always Be King.

The Monarch Gasoline Stoves are here—
large invoice of them. There are many
good things to tell about them. The Mon-
arch comes in all the sizes and styles neces-
sary for the wants of any buyer. They are
operated on the New Method or Evaporat-
ing Principle and are absolutely safe. They
are clean, odorless and the quickest Stove in
operation on the market. The Monarch
Stove, shown in cut, has many original fea-
tures not found on any other stove. The
grates on top are flush, enabling cooking
utensils to be moved without lifting. Be-
neath the boxed evaporating chamber is a
cabinet made of solid sheet steel, strongly
supported with an ample shelf for any use
you wish to put it to. The oven is mov-
able, thus leaving the burner so that it can
be easily lighted, and, if desired, while cook-
ing, oven can be moved away from heat
instantly.
